

Florida Homeowner Lead Plan

#Goal

Build a repeatable homeowner lead engine using:

- 1) Partner network (loan officers, realtors, closing agents)
- 2) Digital inbound (ads + Canopy link)
- 3) AI-assisted qualification + follow-up

#1) Lead Engine Structure

##Channel A: Partner Referrals (highest intent)

- Source: loan officer/realtor/closing agent database
- Offer: faster quote turnaround + smoother closings + policy review support
- Conversion path: partner-specific Canopy link

##Channel B: Homeowner Direct Response

- Meta/Google local ads targeting FL homeowners
- Message: rate pressure + renewal review + local expert
- Conversion path: public Canopy link

##Channel C: Reactivation / Renewal Push

- Existing house-file + referral audiences
- Message: "shop before renewal"
- Conversion path: Canopy intake + priority callback SLA

#2) 30-Day Rollout

##Week 1: Foundation

1. Segment partner list into A/B/C tiers
2. Create 3 outreach scripts (LO / realtor / closing agent)
3. Set unique tracking links (UTM tags) per partner/channel
4. Define SLA:
 - New lead touched in 10-15 min
 - Escalate at 30 min

##Week 2: Launch Partner Sprint

5. Contact first 50 A-tier partners
6. Book 10-15 intro calls
7. Offer co-branded intake link + "fast quote support" promise
8. Start weekly partner follow-up cadence

##Week 3: Launch Digital Ads

9. Launch 3 ad sets (Renewal, Overpaying, New Homeowner)
10. Drive all traffic to Canopy link

11. Add retargeting for non-converters
12. Begin daily ad + lead quality review

##Week 4: Optimize

13. Double down on top converting partner types
14. Pause weak ad creatives, scale best 2â 3
15. Tighten scripts based on objection patterns
16. Publish weekly scorecard + next actions

#3) AI Agent Roles (Operational)

##Agent 1: Partner Research/Scoring

- Ranks partners by fit + likely volume
- Outputs priority outreach queue daily

##Agent 2: Outreach Composer

- Generates personalized messages by persona
- Maintains script variants for A/B testing

##Agent 3: Follow-up Orchestrator

- Tracks no-response, replied, meeting-booked
- Triggers next-touch reminders

##Agent 4: Lead Ops Analyst

- Reviews lead speed, quality, and close signals
- Flags bottlenecks and recommends fixes weekly

#4) Script Starters (Short)

##Loan Officer

â Hey [Name], we help Florida buyers close faster by handling homeowners quotes quickly and cleanly. Want a simple referral workflow with same-day response?â

##Realtor

â Hey [Name], we help your buyers avoid last-minute insurance issues by giving quick, reliable homeowner options. Want a streamlined referral process?â

##Closing Agent

â Hey [Name], we support smoother closings with fast insurance turnaround and clear communication. Open to a quick intro on how we can support your files?â

#5) KPI Scorecard (Weekly)

- New partner outreaches
- Partner replies
- Intro calls booked
- Active referring partners
- Partner-sourced leads
- Lead-to-quote %
- Quote-to-bind %
- Median first-response time
- Cost per lead (digital)
- Revenue per lead

#6) Compliance Guardrails (Critical)

- Respect DNC/TCPA/calling windows
- Use consent-first outreach where required
- Maintain source + timestamp audit trail
- Suppression lists always on
- No aggressive scraping against site terms

#7) Immediate Next 10 Actions

1. Export partner list and tag LO/Realtor/Closing
2. Rank top 50 A-tier targets
3. Finalize 3 outreach templates
4. Create tracking links by channel
5. Set SLA alerts in workflow
6. Launch first outreach batch (20/day)
7. Prepare 3 ad creatives + 3 headlines each
8. Launch FL homeowner ad pilot
9. Start daily 15-min lead standup
10. Publish first weekly scorecard
